

Why DuraMax?

For over 20 years DuraMax™, a division of US Polymers Inc., has been manufacturing vinyl building products in the Southwest. Our vinyl fencing has been specifically designed to meet the demanding weather conditions of the hot sun in the region.

Here are the key advantages you'll get by choosing DuraMax™:

- Our Proprietary DuraResin® vinyl material is used in all our fences. DuraResin® boasts over 12 parts of TiO2 (Titanium Dioxide) and highly perfected UV inhibitors that can deliver an extra 25% durability under the hot Southwest sun.
- We use a state-of-the-art coextrusion technology to give

superior durability and impact strength that meets ASTM F964 standards for vinyl fencing extruded in our factories.

- A Route-and-Lock construction ensures that all parts are interlocked and will never pull apart.
- DuraMax™ has thicker walls for added strength and durability.
- Unlike many vinyl fences, DuraMax™ does not use nails that rust, brackets that crack or unsightly screws that are an eye sore on your fence.

DuraMax Vinyl Fencing

Durable, Beautiful and Low Maintenance

For over 20 years, vinyl fencing has grown in popularity because of its durability and surprising affordability. Whether you are looking for pool, perimeter or privacy fencing, DuraMax offers vinyl fencing to complement the style of your home.

Traditional Picket Fences

Scallop Dog Ear – 4' tall. White 3" pickets

Straight Dog Ear – 3' & 4' White 3" pickets

Scallop Spade – 4' tall White 3" pickets

Straight Spade – 3' & 4' tall White 3" pickets

The Traditional line of picket fences creates a nostalgic old world feel. You will never worry about repainting these white pickets fences. DuraMax™ uses a durable route-and-lock design that eliminates all brackets and screws and looks equally beautiful from both sides.

Pool Fencing

Pool Fence – 4' tall with no mid rail & 5' tall with mid rail. White or Beige 1.5" pickets

The Pool fence line is designed to surround pool areas and meet all pool codes. Metal fencing around wet pool areas often rust and need repainting. Vinyl fencing is durable and low maintenance, making it the perfect choice for all pools.

The low maintenance vinyl will never rust or need repainting, making vinyl pool fencing the ideal choice for any wet pool area.

Privacy Fencing

Solid Privacy – 5' & 6' tall. White or Beige

Privacy w/ Lattice – 6' tall. White or Beige

Privacy w/ Accent Top – 6' tall. White or Beige

Our line of Privacy fencing is a significant upgrade to wood fencing with a low maintenance vinyl that will not rot, stain, attract termites or wear out over time. The DuraMax Privacy fence is built with a strong route-and-lock system so the pickets, rails and posts will never pull apart. This construction is far superior to screws and brackets which not only fail over time but are also an eye soar. Low Maintenance and Beauty is what you can expect from our Privacy fence line.

Perimeter Fencing

Perimeter Fence – 5' & 6' tall with mid rail. White or Beige 1.5" pickets

Perimeter Fence – 3' & 4' tall with no mid rail. White or Beige 1.5" pickets

The Perimeter fence line is an ideal substitute for metal fencing used for property lines or for perimeter railings. You'll never need to worry about rusting and repainting metal pickets with our line of low maintenance vinyl perimeter fences.

"A lifetime of performance backed with our fully transferable non prorated lifetime warranty"
